

Dear CMIS Community,

The CMIS Administrative Advisory Board (AAB) wishes to clarify the applicability of Motion 21/2011.

The Capital Improvement Fee and the Alumni Association Fees are to be applied to **ALL new** CMIS families, beginning in the 2011-2012 enrollment season as follows:

- All **new** CMIS families in both the Standard and Discounted categories are required to pay the 20,000 baht Capital Improvement fee annually, and the one-time 2,000 baht Alumni Association Fee.
- All **new** CMIS self-funded Missionary families are required to pay the 10,000 baht Capital Improvement fee annually, and the one-time 2,000 baht Alumni Association Fee.

As stated in the Board recommendation, all **current** CMIS families in the Discounted and Self-Funded Missionary categories are **not** required to pay the Capital Improvement and Alumni fees for the 2011-2012 school year. Those current families classified in the Standard category, however, **are** required to pay both the 20,000 baht annual Capital Improvement fee and the 2,000 baht one-time Alumni Association fee.

All missionary families, both current and new, who are not **Self-Funded** are categorized in the Discounted category for administrative and accounting purposes. If you have questions regarding which category your family falls in please contact our Admissions Officer, Raymond Whitney, for clarification.

Sincerely yours,

Rev. William J. Yoder
Board Chair
